DOUDELI / ENGLISH EDITION

Professional Cleaning Essentials

PRODUCT CATALOGUE

Tools, replacement parts and cleaning solutions. A complete collection for professional cleaning.

OEM MANUFACTURING AVAILABLE

ABOUT DOUDELI

Cleaning tools, clearly organised.

OEM manufacturing available

Henan Doudeli Cleaning Co., Ltd.

DOUDELI brings together cleaning carts, floor-care tools, window-cleaning tools, accessories, consumables and cleaning solutions. This catalogue helps buyers compare models, materials, sizes and packaging in one place.

OEM manufacturing is available. Share your selected models, quantities, brand requirements and delivery region so our team can confirm the appropriate configuration.

01 / SELECT

Choose by cleaning task.

02 / CONFIRM

Check sizes, colours and packing.

03 / CUSTOMISE

Discuss OEM requirements.

CLEANING & CARE

Cleaning Solutions

OEM manufacturing available / Product descriptions translated from the source catalogue

DDL-X1

All-Purpose Cleaner

Quickly cleans oil marks, dirt, carbon marks and fresh tea stains, with odour-removal properties. Also suitable for routine washroom cleaning. Easy to dilute and leaves a fresh fragrance.

DDL-X2

Glass Cleaner

A special low-solids formula for rapid cleaning of glass surfaces. Removes grease, accumulated dust, fingerprints and soap residue from glass curtain walls and mirrors.

DDL-X3

Odour Neutraliser

Uses a deodorising and freshening formula designed to capture, adsorb and neutralise odour molecules when sprayed as a mist. For odours from smoke, alcohol, perspiration, decomposing food and newly decorated interiors.

DDL-X4

Hand Wash

Contains skin-care and moisturising ingredients. Provides cleaning and antibacterial action with moderate foam and easy rinsing. Leaves the skin feeling moisturised, fresh and clean, with a pleasant fragrance.

DDL-X5

Toilet Cleaner

Contains acidic compounds and corrosion inhibitors to remove sticky deposits, lime, dried stains, urine scale, rust, grease and soap residue. The source catalogue describes antibacterial and deodorising action and compatibility with the intended cleaning surface.

CLEANING & CARE

Cleaning Solutions

OEM manufacturing available / Product descriptions translated from the source catalogue

DDL-X6 Heavy-Duty Degreaser

Penetrates, emulsifies and saponifies grease. Designed especially for animal and vegetable oils on kitchen floors, walls, chopping boards, food-processing equipment, ventilation fans and extractor hoods.

DDL-X7 Acidic Stone Cleaner

Also described as an acidic cleaner. Formulated with special acidic compounds for scale, lime, cement residue, rust, tea and coffee stains on indoor and outdoor acid-resistant hard surfaces. For severe rust, use the rust and scale remover. Test before use.

DDL-X8 Rust & Scale Remover

Contains strong acidic ingredients for breaking down heavy scale and rust. First test a small area to check whether the surface gloss is affected. Do not use on glass.

DDL-X9 High-Foam Carpet Shampoo

A highly concentrated formula for surface soils on carpets, sofas and fabric wall coverings. Produces rich, stable foam. The catalogue describes a mild, fragranced formula with fibre-care ingredients for carpets and textiles.

DDL-X10

Stainless Steel Care

An oil-based formula mainly for cleaning and maintaining indoor stainless steel fittings. Cleans while leaving an oily protective film against dirt and corrosion. Also suitable for general cleaning and protection of some titanium-coloured finishes.

DDL-X11

Wood Floor Wax

A polymer formula with high gloss, low yellowing and good adhesion. Produces a lustrous finish without polishing. The catalogue describes a tough, wear-resistant wax film with slip and shoe-mark resistance.

DDL-X12

Premium Hard-Gloss Floor Wax

A high-grade resin floor wax for a durable, hard finish with low yellowing and straightforward application. Suitable for plastic flooring, wood flooring and marble floors.

DDL-X13

Heavy-Duty Floor Stripper

Provides strong penetration and dissolving action to break down and remove water-based polymer floor wax and resin residues before the floor is re-waxed.

DDL-X14

Antistatic Floor Wax

Uses conductive polymer technology for lasting static dissipation. Releases surface static and reduces static accumulation, electrostatic-discharge-related malfunction or damage, and dust build-up while maintaining a clean, glossy finish.

CLEANING & CARE

Cleaning Solutions

OEM manufacturing available / Product descriptions translated from the source catalogue

DDL-X15

Dust Mop Treatment

Contains oily ingredients. Used with a dust mop to attract and collect dust and fine sand. Also adds gloss to and maintains the wax finish on floors.

DDL-X16

Carpet Spot Remover

A strong spot remover for water marks, rust, coffee, tea and other beverage stains on textiles. The catalogue also lists chilli oil, mildew and red antiseptic stains.

DDL-X17

Low-Foam Carpet Cleaner

A concentrated low-foam formula that penetrates between textile fibres. Used with an extraction machine to remove embedded carpet soils. The source catalogue also describes antibacterial, anti-mould and deodorising properties and resistance to parasite growth.

DDL-X18

Defoamer

Removes and suppresses foam generated during cleaning or machine operation, improving operating efficiency and helping protect wet-vacuum or extraction-machine motors.
